# Meadow

## WELCOME

Welcome to Meadow at The River Club, our spring/summer terrace pop-up in partnership with Ketel One Botanical & Fox Flowers. This installation celebrates the beauty and variety of native wildflowers and the wonders of biodiversity as we seek to champion a more sustainable way of living. To that end, we have interwoven re-purposed silk wildflowers into the foliage to create a canopy of colours illustrating our organic and climate conscious theme. Throughout the terrace you'll notice planters of rosemary, lavender and other herbs that lend an intoxicating aroma to the air, and most importantly support natural pollinators. What's more, while you enjoy a guilt-free cocktail from our climate-resilient drinks menu, you can also take a part of our creation home in the form of a native wildflower 'seed bomb' to plant in your garden, thereby encouraging biodiversity and increasing air quality.

## MAKING YOUR DRINK TASTE SWEETER

Vita is a not-for-profit Irish organisation committed to redressing the impact of climate change on the most affected rural communities in Africa. Our Meadow installation sees us join forces with Vita to support its Organic Honey Project in Ethiopia. The initiative helps young people – and particularly women – to work in the sustainable honey farming business, harnessing a natural resource to boost local economies. €1 from each bespoke drink bought during our spring/summer terrace pop-up will be donated to this worthy cause.
