THE RIVER CLUB

We are delighted to welcome you to our urban oasis in partnership with Fox Flowers – bringing a moment of calm to your bustling, modern lifestyle.

This installation is inspired by urban parks, planned gardens and Georgian squares and the tranquillity they provide to us city-dwelling folk. Be it a place to engage with nature, reflection or a moment of mindfulness, these green spaces have brought solace, calm and joy for many centuries. Wander amongst the abundant wisteria and ponder the juxtaposition of structure meeting nature and the notion that both form and freedom are essential to tranquillity and sanctuary.

A menu of ‘Botanically Brilliant Libations’ that champions herbs and flowers which instil a sense of calm further enhances this feeling of wellbeing. Enjoy this idyllic oasis in the centre of Cork city and slowly work your way through the cocktail list - delighting in the knowledge that you are helping us do our bit in protecting and creating more urban gardens through our proud partnership with Green Spaces for Health Cork.

GREEN SPACES FOR HEALTH

Green Spaces for Health, Cork work through government lobbying and outreach programmes to preserve, protect and create biodiverse green spaces throughout Cork city & countryside. These projects not only help to protect depleting habitats and improve biodiversity, but also work to engage local communities to join together in a meaningful way to reap the physical and mental benefits of these green spaces.

BOTANICALLY BRILLIANT LIBATIONS
